Join now!

2. After clicking “Join now,” you will be taken to your dashboard. From your dashboard, you can click on “Invite team members” to invite students to join your team.

3. To copy the team invitation link, click on the link. Then email the link to your team members (students in your class).

**Below is some pre-written text that you can use to send parents and guardians with the invitation link.**

Dear Parents and Guardians,

I am excited to introduce you to an app called Hop! that is designed to encourage active transportation and help students celebrate walking to school.

Hop! is a web-app that helps make the walk to school more fun through interactive features. Students can track kilometres travelled, while being motivated by engaging illustrations, group challenges, and milestones.

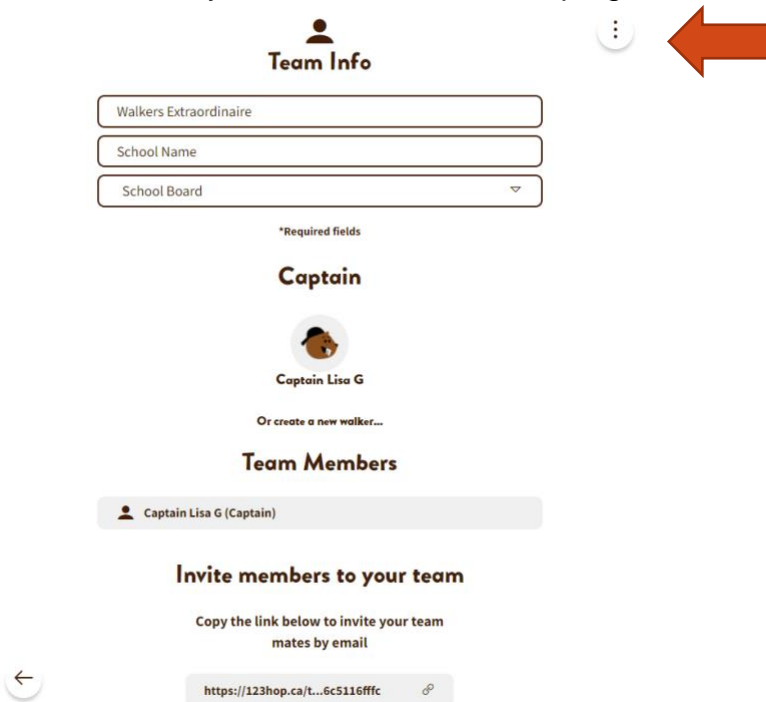

Hop! allows children to see the positive impact walking has on the environment by telling them how many greenhouse gas emissions they avert (stop from going into the atmosphere) by walking instead of driving. The app's motivational features help children to choose walking first, which reduces cars on the road and improves school zone safety.

Students can log trips to and from school as well as walks in their community! This ensures that any student, whether in the walk-zone or not, can participate and enjoy the fun features of Hop!

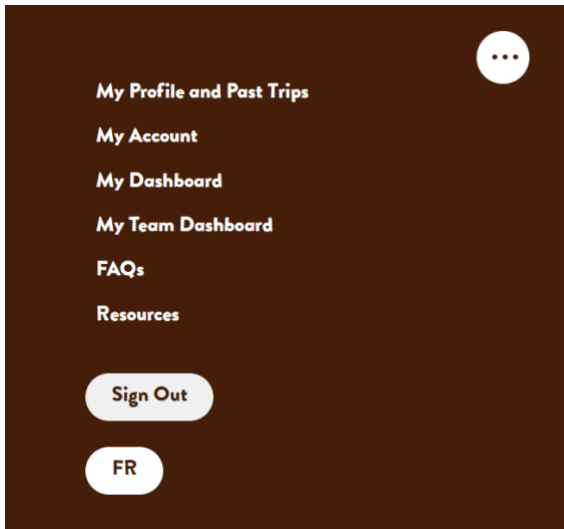

I would like to invite your child to become a member of my classroom's Hop! team. Please click the link **HERE** to join Hop! and our classroom's team.

Thanks,  
**Teacher Name**

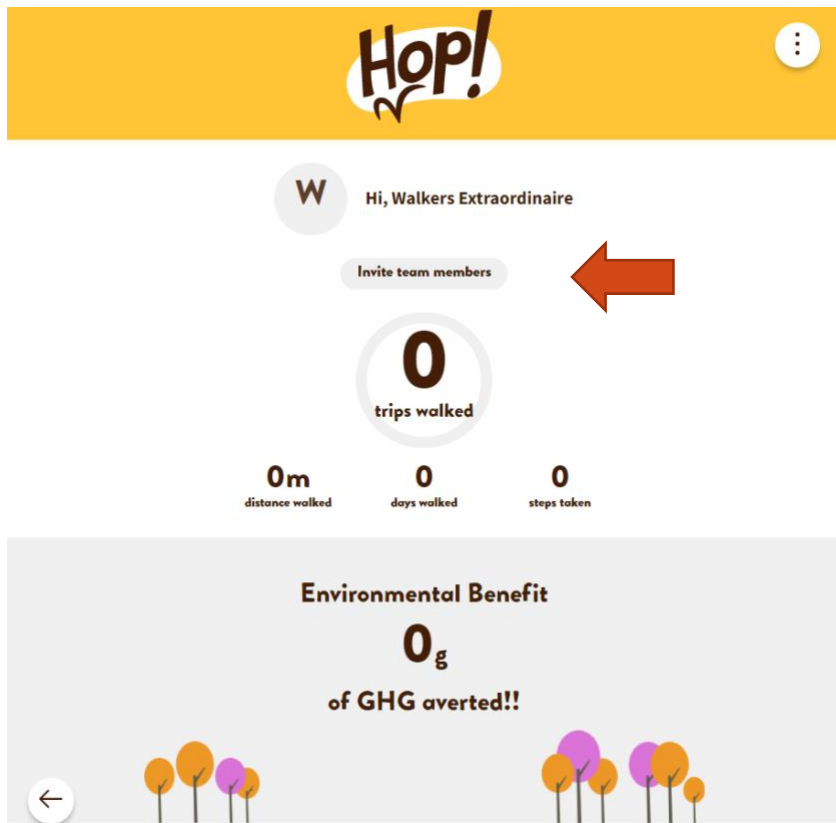

To see a summary of your team's accomplishments, click on the main menu, which can be accessed by the three dots on the top right of the screen.

4. This image shows the main menu options. Click on My Team Dashboard.

5. Your Team Dashboard shows you summary data for your team. From here, you can click on “Invite team members” anytime to invite new students, view which students have joined your team, and see your Team Info.
